This course is designed to assist children who might be having difficulties with letter formation, slow or untidy handwriting. This will be a fun interactive yet relaxed learning experience for both child and parent alike. On this course children will be taught ways to improve their handwriting skills through the use of multi-sensory techniques. Learners will be able to practise their skills and will take useful resources home with them to aid further practice.

The session will include:

- ❖ Quick, fun activities to maintain interest and enthusiasm
- ❖ Multi-sensory activities using a variety of media
- ❖ Opportunities for the parent to familiarise him/herself with current handwriting techniques

Each learner will benefit from the many colourful and useful resources that will be provided and demonstrated.

*Reports are not issued but your child will have useful notes to take home.*
